Reference week:

For the legal basis and other legal information please refer to pages 61 and 62 of this questionnaire. When answering the questions, please observe the explanatory notes 11 to 17 on pages 57 to 59 of this questionnaire.

Thank you for your time.
Some questions refer to the reference week. The reference week is given on the front cover. Please enter it on the name flap.

Please keep the name flap folded out while you complete the questionnaire. Please observe the order of the columns for the respective persons as given on the name flap.

Please do not complete the establishment flap before you are asked to do so in the course of completing the questionnaire (question 100 on page 30).

We will guide you through the questionnaire.

If possible, each person should answer the questions for him or herself. Information may be provided on behalf of children (under 15 years), people in need of care or people with disabilities who are not able to answer the questions for themselves.

Not all questions will have to be answered by all persons. When there is an answer box with an arrow (jump instruction), the numeral beside the arrow indicates the question to be answered next by the relevant person.

Example:

<table>
<thead>
<tr>
<th></th>
<th>Person 1</th>
<th>Person 2</th>
<th>Person 3</th>
<th>Person 4</th>
<th>Person 5</th>
</tr>
</thead>
<tbody>
<tr>
<td>Yes</td>
<td>x</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>No</td>
<td></td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

In the example, Person 1 answers “Yes” and goes to question 10. Person 2 answers “No” and goes to the next question.

Jump instructions may differ between persons. This is why you should not complete the questionnaire for several persons at the same time as jump instructions are easily overlooked.

When entering figures, please do so right-aligned.

1 **Type of residential building**

*Single-family house:*  
A single-family house usually contains one dwelling. Sometimes such a house contains an additional (granny) flat. This is a second dwelling which is however subordinate to the main dwelling. If the additional flat is used by the same household as the main dwelling or if it cannot be used by a separate household (e.g. main door cannot be locked, no sanitary facilities), the house is to be considered as a single-family house. Otherwise, the house with an additional (granny) flat is a multi-family house.

- **Detached**  
  A detached single-family house is a building that does not share a wall with any other occupied building.

- **Semi-detached**  
  Please indicate semi-detached if the building is joined to just one other building.

- **Terraced**  
  A row of more than two single-family houses regardless of whether the building is an end-of-terrace or mid-terrace house.

*Multi-family house:*  
Multi-family houses usually contain several dwellings that can be locked separately.

- **Detached**  
  A detached multi-family house is a building that does not share a wall with any other occupied building.

- **Terraced**  
  A terraced multi-family house is a building that shares one or more walls with other buildings or parts of buildings. The buildings do not need to have the same design and may be arranged in a staggered line or at different levels. This includes end-of-terrace houses.

2 **Dwelling**  
A dwelling is defined as a self-contained unit for residential use that usually consists of adjoining rooms and enables the occupants to maintain one or several households (e.g. shared dwelling). Dwellings have a separate entrance with direct access from the outside, a staircase or vestibule. The dwelling may include cellar or attic rooms that have been converted for residential use. Accordingly, single-family houses, semi-detached houses or terraced houses usually contain 1 dwelling. If there are one or more additional (granny) flats, the number of dwellings increases to 2 or more, provided that the aforementioned conditions apply.

3 **Living floor space**

The total living floor space of the dwelling is the cumulative floor space of all rooms in the dwelling. Rooms outside the self-contained dwelling (e.g. mansards) and cellar and attic rooms converted for residential use also form part of the dwelling. The living floor space of a rented dwelling is usually stated in the tenancy agreement. If you calculate the living floor space yourself please include the individual areas as follows:

- the full living floor space of rooms with a clear height of at least 2 metres;
- half the living floor space of rooms or of floor areas under a sloping ceiling in rooms with a clear height of at least 1 metre but less than 2 metres;
- a quarter of the floor space of balconies, loggias, roof gardens.

4 **Heating of bedrooms, dining and living rooms**

District heating is a system where heat is supplied to the building owner by third parties from (far) outside the building.

In the case of central or block heating, heat is produced for all dwellings of the building by a heat production system within the building or in its immediate vicinity.

Single-storey heating applies where each dwelling of a building has its own heating system that produces heat for all rooms of the dwelling. Usually, this refers to gas boilers.

Single-room stoves (coal stoves, night storage heaters) only heat the room in which they are placed. Usually, they are firmly installed. Multi-room stoves (tile stoves) supply heat to several (but not all) rooms of the dwelling at once (e.g. by air ducts).

5 **Main tenant with subtenant**

In the case of subletting, please state the monthly rent for the whole dwelling, not just for the dwelling areas occupied by the main tenant.

6 **Payment of rent for Hartz IV recipients**

Recipients of Hartz IV benefits (unemployment benefit II, social benefit) whose rent is paid in full or in part by the employment agency (job centre) are to state the full amount of rent and incidental rental expenses paid to the landlord/landlady or property management.

7 **Today’s territory**

“Today’s territory” refers to the national borders of the Federal Republic of Germany as of 3 October 1990.
Explanatory notes on the questionnaire

8 Citizenship

German by birth
Please mark "German by birth" also in these cases:

- Expellees:
  People who did not acquire German citizenship by birth but acquired it due to their recognition as persons of ethnic German origin in accordance with Section 1 of the Federal Expellees Act and who immigrated to today’s territory of Germany before 1950, please mark “German by birth”. For those who immigrated in 1950 or later, please see the notes on ethnic German repatriates.

- If you were temporarily deprived of German citizenship that you had acquired by birth, please mark “German by birth”.

- Children born within marriage to a German mother and a foreign father after 1 April 1953 and before 1 January 1975 and who, consequently, acquired German citizenship by means of a declaration or by naturalisation please mark “German by birth”.

- Children of a parent of German citizenship:
  Children born outside marriage to a German father and a foreign mother before 1 July 1993 and who acquired German citizenship by naturalisation please mark “German by birth.”

- People who acquired German citizenship by legitimation (e.g. subsequent marriage of the parents of a child born outside marriage) by 30 June 1998 please mark “German by birth”.

- People born in Saarland:
  People born in Saarland between 1947 and 1956, at least one of whose parents had German citizenship when the child was born, please mark “German by birth” even if they had French citizenship at the time of birth.

Ethnic German repatriates with and without naturalisation

- People who came to Germany as ethnic German repatriates between 1993 and 2000 received an official certificate of naturalisation (not a certificate in accordance with Section 7 of the Nationality Act). In this case, please mark as a naturalised (ethnic) German repatriate.

- For people who have been granted German citizenship on the grounds of their eligibility for naturalisation as an ethnic German repatriate: please mark “As a naturalised (ethnic) German repatriate”.

- For people with a certificate in accordance with Section 7 of the Nationality Act: please mark “As a non-naturalised (ethnic) German repatriate”.

Notes on “German by naturalisation” in case of marriage

People who acquired German citizenship by marriage or by a declaration or naturalisation due to marriage please mark “German by naturalisation”.

9 Partial retirement

The Act on Facilitating a Smooth Transition to Retirement provides the framework conditions for partial retirement agreements between employers and employees. The employment agency promotes part-time work arrangements for employees who reduce their working hours to half of the regular working time when they are 55 years old or older.

10 Caregiver Leave Act/Family Caregiver Leave Act

Employees have the right to be temporarily released from work to look after close relatives at home. They may choose between two different release options: Under the Caregiver Leave Act, employees may be released from work on a full-time or part-time basis for a maximum of six months to look after a close relative in need of care.

There has been a legal entitlement to family caregiver leave since 2015. This means that employees may reduce their weekly working time if they look after a close relative in need of care at home.

11 Categorisation of job

If you are self-employed and only employ unpaid family workers (no wage or salary), please mark the category “Self-employed without employees”. Those who work freelance or on a contract basis are considered as self-employed, including people who provide care, give private lessons or babysit. If you work without pay in a business owned by a family member or relative, you are an unpaid family worker. If you receive pay for your work, you are either a wage earner or salary earner.

Public officials include officials employed by the Protestant Church and the Roman Catholic Church. “Insurance officers” and “bank officers” should classify themselves as salary earners.

The category of wage earners comprises skilled workers as well as semi-skilled and unskilled workers.

If you are an intern, a (paid) trainee or a volunteer in the Federal Volunteer Service in your additional job, please indicate „Salary earner”.

12 Marginal employment

In the case of marginal employment, that is, a 450-euros job (also referred to as mini-job; with a pay of up to 450 euros per month on a yearly average basis), the employer pays flat-rate contributions to pension and health insurance and a lump-sum tax rate.

A job is also considered to be marginal employment if it is limited to a maximum of three months or 70 days worked per year.

People in a one-euro job continue to receive unemployment benefit II plus an additional expenses allowance of usually 1 to 2 euros per hour worked.
**Explanatory notes on the questionnaire**

### Establishment (location)
An establishment is the location where you work (e.g. a shop, freelancer’s office, agricultural holding, location of an enterprise, body governed by public law, etc.).

A location (e.g. a specific establishment of an enterprise) may comprise several separate work places (such as a production site, a warehouse and an administrative building all on the business premises). The people working at those work places belong to one and the same establishment.

The people working in an establishment include part-time workers, apprentices, working proprietors and unpaid family workers.

### Stand-by duty
The whole period of stand-by duty is to be included in the weekly working hours. Stand-by duty means that an employee has to be on stand-by at a place specified by the employer to perform work if necessary.

This is to be distinguished from on-call duty. On-call duty means that the employee is free to decide where to stay. The employee is required to start work within reasonable time if the need arises. In this case, only the actual hours worked and the travelling time count as working time.

### Main sources of livelihood
If you are in employment, this does not have to be your main source of livelihood (e.g. the living expenses of apprentices are often paid by their parents). If you pay your living expenses mainly from what you earn in marginal employment, please enter employment. Pensioners who are still in employment may live mainly on what they earn or on their pension, depending on the amount of benefits they receive.

Regular payments of life assurance companies (including benefits paid by pension funds of specific liberal professions such as doctors or pharmacists) are regarded as maintenance payments from own property.

### Net income
Please also include:
- benefits paid to encourage capital formation,
- advances,
- rent paid for company-owned housing,
- interest received, dividends, other property income and similar amounts,
- income in kind (e.g. foodstuffs, free coal for miners).

Long-term care benefits in kind (provided by care homes and home care services) are not to be included here.

### Statutory pension insurance
You have statutory pension insurance if you are insured with the German Federal Pension Insurance (Deutsche Rentenversicherung Bund, formerly BfA, LVA) or the German Pension Insurance Miners, Railway and Maritime (Knappschaft-Bahn-See).

This includes the statutory pension insurance of a foreign country (e.g. people who live in Germany but are employed subject to social insurance contributions in a neighbouring country).

You also have statutory pension insurance if you
- pay contributions to the agricultural pension fund,
- work in a Federal Volunteer Service,
- do a year of voluntary work in the social, cultural or ecological sector
- do voluntary military service or
- do reserve duty training as a soldier.

Statutory pension insurance is compulsory mainly for wage earners, salary earners and certain self-employed persons (e.g. home workers with no more than two assistants from outside their family). Public officials and comparable salary earners (employees of health insurance institutions with public official status), self-employed persons (with few exceptions) and unpaid family workers without a working contract are exempted from compulsory pension insurance.

Contributions are paid for unemployed persons who receive unemployment benefit I. They are therefore regarded as liable to compulsory statutory pension insurance. With effect from 1 January 2011, contributions are no longer paid for unemployed persons receiving unemployment benefit II (Hartz IV). They are not liable to compulsory insurance.

This does not refer to company old-age pension schemes, public officials’ pension scheme, occupational pension schemes and private old-age pension schemes (e.g. state-sponsored private pension plan according to “Riester”, life assurance and the like).
Model Questionnaire
**Purpose, type and scope of the survey**

The microcensus collects statistical data on the population and the labour market as well as on income, living conditions and housing circumstances of households on a representative basis. The data are collected based on different survey components. The survey units are persons, households and dwellings.

The purpose of the microcensus is to provide statistical data, with a detailed subject-related breakdown, on the population structure, the economic and social situation of the population, of families and households, on the labour market, the occupational structure and education of the labour force, and on the housing circumstances. It also serves to meet European obligations. Every year, up to one percent of the population may be surveyed. In every sampling district, the survey is conducted not more than four times within five consecutive calendar years.

**Legal basis, obligation to provide information**

The legal basis is provided by the Microcensus Act (MZG) in conjunction with the Federal Statistics Act (BStatG). Data are collected in accordance with Section 6 (1) nos. 1 to 4, no. 5 letters a and b, nos. 6 to 10 and Section 6 (2) of the Microcensus Act. The obligation to provide information is laid down in Section 13 of the Microcensus Act in conjunction with Section 15 of the Federal Statistics Act.

In accordance with these provisions, all adults and all minors living in households of their own are obliged to provide information, and in each case also on minor household members.

Any household member who is obliged to provide information is also obliged to provide information for adult household members who cannot do so themselves. If there is no other household member who is obliged to provide information and if a custodian has been appointed for the person not able to provide the information himself/herself, the custodian is obliged to provide the information to the extent that the custodian’s duties include such provision of information. If a person not able to provide the information himself/herself nominates a trusted person to provide the required information on his/her behalf, the adult household members or the custodian will no longer be obliged to provide the relevant information.

Unless there are indications to the contrary, it is presumed, in accordance with Section 13 (8) of the Microcensus Act, that all people in the household who are obliged to provide information are also authorised to do so on behalf of the other people living in the household. This applies accordingly to confirmation of the data collected in the previous year. The legal presumption of authorisation can be objected to at any time.

The obligation to provide information on the auxiliary variable “first name and surname of the main tenant/owner-occupier” applies to the main tenant/owner-occupier or, alternatively, to the persons mentioned above.

If respondents provide no information or provide information which is incomplete, incorrect or late, they can be encouraged to provide the information through imposition of a coercive penalty in accordance with the Administrative Enforcement Acts of the Länder.

Pursuant to Section 23 of the Federal Statistics Act, a regulatory offence is committed by anyone who

– contrary to Section 15 (1), second sentence, (2) and (5), first sentence, of the Federal Statistics Act, wilfully or negligently provides no information, or provides information which is late, incomplete or untrue, or

– contrary to Section 15 (3) of the Federal Statistics Act does not give a reply in the prescribed format.

The regulatory offence is punishable by a fine not exceeding five thousand euros.

Pursuant to Section 15 (7) of the Federal Statistics Act, objections and rescissory actions against the summons to provide information will have no suspensive effect.

Questions where the provision of information is voluntary are specially marked in the questionnaire.

The legal basis for processing the data you have provided voluntarily is the consent pursuant to Article 6 paragraph 1 point (a) of GDPR.

Where the provision of information is voluntary, consent to the processing of such voluntary data can be revoked at any time. The revocation will only apply in the future. Any processing of information prior to the revocation will not be affected by it.

**Controller**

The controller responsible for processing your data is the statistical office responsible for your Land.

The contact details are available at: https://www.statistikportal.de/de/statistische-aemter.

**Confidentiality**

The individual data collected are always kept confidential in accordance with Section 16 of the Federal Statistics Act. Individual data may be passed on only in exceptional cases explicitly regulated by law.

Individual data may in particular be transmitted to:

– public agencies and institutions within the official statistics network which are entrusted with the production of federal or European statistics (e.g. the statistical offices of the Länder, the Deutsche Bundesbank, the Statistical Office of the European Union (Eurostat)),

– service providers with whom a contractual relationship exists (here: Federal Information Technology Centre (ITZBund) as the IT service provider of the Federal Statistical Office, computer centres of the Länder).

Pursuant to Section 16 (6) of the Federal Statistics Act, institutions of higher education or other institutions tasked with independent scientific research may, for the purpose of carrying out scientific projects, be provided

1. with individual data if attributing the anonymised individual data to the relevant respondents or data subjects requires unreasonable effort in terms of time, cost and manpower (de facto anonymised individual data),

2 The EU legal acts in their up-to-date versions and in the German language are available on the website of the Publications Office of the European Union at http://eur-lex.europa.eu/.
2. with access to individual data not including name and address (formally anonymised individual data) within specially protected areas of the Federal Statistical Office and the statistical offices of the Länder, if effective measures are in place to safeguard confidentiality.

Article 11 of Regulation (EU) No 2019/1700 provides for transmission of collected individual data to the Commission (Eurostat). Pursuant to Article 15 of Regulation (EU) No 2019/1700, Eurostat may - within its own access facilities or within other access facilities accredited by Eurostat and in accordance with the conditions stipulated in Article 7 of Regulation (EU) No 557/2013 - provide access to individual data not including name and address for scientific purposes and pass on sets of individual data from the data sets regarding the domains specified in Article 3 of Regulation (EU) No 2019/1700 provided that those sets of individual data have been modified so as to reduce the risk of identifying the statistical unit to an appropriate level.

Persons receiving individual data are also obliged to maintain confidentiality.

Auxiliary variables, reference numbers, separation and deletion

The first names and surnames of the household members, the contact details of the household members, residential address, location of the dwelling in the building, first name and surname of the main tenant/owner-occupier of the dwelling, name and address of the household members’ places of work, and the building age group are auxiliary variables which will only be used for the technical conduct of the survey. As soon as the survey and auxiliary variables have been checked for conclusiveness and completeness, the auxiliary variables will be separated from the information on the survey variables and will be kept separately or stored separately.

- Pursuant to Section 14 (5), first sentence, of the Microcensus Act, the first names and surnames and the municipality, street, house number and contact details of the persons surveyed may also be used with regard to household relationships to conduct follow-up surveys in accordance with Section 5 (1) of the Microcensus Act.

- Pursuant to Section 14 (5), second sentence, of the Microcensus Act, the information on the variables pursuant to Section 14 (5), first sentence, of the Microcensus Act may also be used as a basis for recruiting suitable persons and households to conduct household budget surveys and other voluntary surveys.

- Pursuant to Section 9 (3) of the Act regarding the testing of a register census, the statistical offices of the Länder store the first names and surnames, residential address, municipality and association of municipalities, sex, calendar month and calendar year of birth, marital status, country of birth, calendar year of arrival in Germany, or calendar year of return to Germany in case of absence of more than twelve months, and citizenships as well as the education variables pursuant to Article 6 (1) no. 7 letters a to c and no. 8 of the Microcensus Act. First names and surnames as well as the residential address shall be deleted not later than six years after microcensus processing has been finished.

Information on the survey variables is processed and stored for as long as necessary to comply with the legal obligations.

All survey documents as well as the auxiliary variables and the reference numbers originally allocated will be destroyed or deleted after the processing of the last follow-up survey has been finished.
Some questions refer to the reference week. The reference week is given on the front cover. Please enter it on the name flap.

Please keep the name flap folded out while you complete the questionnaire. Please observe the order of the columns for the respective persons as given on the name flap.

Please do not complete the establishment flap before you are asked to do so in the course of completing the questionnaire (question 100 on page 30). We will guide you through the questionnaire.

If possible, each person should answer the questions for him or herself. Information may be provided on behalf of children (under 15 years), people in need of care or people with disabilities who are not able to answer the questions for themselves.

Not all questions will have to be answered by all persons. When there is an answer box with an arrow (jump instruction), the numeral beside the arrow indicates the question to be answered next by the relevant person.

Example: Person 1 Person 2 Person 3 Person 4 Person 5

Yes ........................ 10

No ................................

In the example, Person 1 answers “Yes” and goes to question 10. Person 2 answers “No” and goes to the next question.

Jump instructions may differ between persons. This is why you should not complete the questionnaire for several persons at the same time as jump instructions are easily overlooked.

When entering figures, please do so right-aligned.

Example: Hours per week  ....................................................................

If you wish to correct an answer, please do so as follows.

Example: Yes  ...............................................................................................

No  ................................................................................................

Questions to be answered on a voluntary basis are marked by the word “voluntary” in a coloured bar.
